

| Faculty Name | Titles | Areas of Interest |
|--|---|---|
| ADRC Director and Associate Directors | | |
| James Brewer, MD, PhD | Professor and Chair, Neurosciences | Neuroimaging of Alzheimer's Disease |
| Douglas Galasko, MD | Professor | Biomarkers; Functional Measurement |
| David Salmon, PhD | Professor | Neuropsychology; Lewy Body Dementia |
| REC Leads | | |
| Mark Bondi, PhD, ABPP-CN | REC Lead; Distinguished Professor | Neuropsychology; Biomarkers; Imaging |
| Vivian Hook, PhD | REC Co-Lead; Distinguished Professor | Neurochemical Drug Target Strategies for AD |
| REC Program Faculty | | |
| Nicola Allen, PhD | Associate Adjunct Prof; Salk Institute | Molecular Neurobiology |
| Katherine Bangen, PhD, ABPP | Associate Prof; <i>Former REC Scholar</i> | Neuropsychology; Imaging; Vascular Disease |
| Sarah Banks, PhD, ABPP-CN | Associate Adjunct Professor | Neuropsychology; Sex Differences |
| Cinnamon Bloss, PhD | Associate Professor | Neuropsychology; Genetics; Public Health |
| Don Cleveland, PhD | Professor | Cellular and Molecular Medicine; Genetics |
| Xu Chen, PhD | Assistant Professor | Tau Pathogenesis |
| Stephanie Cherqui, PhD | Professor | Stem Cells and Gene Therapy |
| Jerold Chun, MD, PhD | Adjunct Professor | Down Syndrome; Gene Recombination |
| David Coughlin, MD | Assistant Professor | Digital Neuropathology; Movement Disorders |
| Theresa Cronan, PhD | Professor, SDSU; Director, ADAR | Disparities; Health Care Utilization |
| Anders Dale, PhD | Professor | Neuroimaging; Genetics |
| Richard Daneman, PhD | Associate Professor | Mechanisms of Blood-Brain-Barrier Function |
| Lisa Delano-Wood, PhD | Adjunct Professor | Neuropsychology; Imaging; Vascular Disease |
| Colin Depp, PhD | Professor | Technology-Based Assessments/Interventions |
| Paula DesPlats, PhD | Associate Adjunct Professor | Translational Neuroepigenetics |
| Steve Edland, PhD | Adjunct Professor; Biostat Core Lead | Biostatistics; Clinical Trials; Research Designs |
| John Elder, PhD, MPH | Distinguished Professor, SDSU | Health Promotion; Chronic Disease Prevention |
| Howard Feldman, MD | Dean, Alzheimer's & Neurodeg Research | Clinical Trials; Alzheimer's Disease Prevention |
| Linda Gallo, PhD | Professor, SDSU | Sociocultural Factors; Cardio-metabolic Disease |
| Chris, Glass, MD, PhD | Professor | Microglia; Spatial Transcriptomics |
| Fred 'Rusty' Gage, PhD | John Adler Chair, Salk Institute | Brain Plasticity, Adaptability, and Diversity |
| Paul Gilbert, PhD | Professor and Chair, Psychology, SDSU | Cognition and Behavior in AD, HD, and PD |
| Joe Gleeson, PhD | Professor | Brain Somatic Mosaicism |
| Tamar Gollan, PhD | Professor; Latino Core Lead | Bilingualism in Aging and AD |
| Steven Gonias, MD, PhD | Professor | Pathology of Cancer, Vascular Disease and AD |
| Hector Gonzáles, PhD | Professor, Director, SOL-INCA | Latino Cognitive Aging and Disease |
| Eric Hekler, PhD | Professor | Design and Control Systems Engineering |
| Annie Hiniker, MD, PhD | Assistant Prof; Neuropath Core Lead | Neuropathology of Alzheimer's Disease |
| Linda Hill, MD, MPH | Clinical Professor | Physical Activity, Driving Abilities Among Elders |
| Diane Jacobs, PhD | Project Scientist | Novel Cognitive Markers in AD; Clinical Trials |
| Jacqueline Kerr, PhD | Professor | Physical/Mental Activity Interventions in Aging |
| Robin Knight, PhD | Professor | Microbes in Health and Disease |
| Andrea LaCroix, PhD, MPH | Professor | Postmenopausal Health; Clinical Trials |
| Irene Litvan, MD | Tasch Endowed Professor | Diagnosis of PD and PD-Plus Syndromes |
| Hiruy Meharena, PhD | Assistant Professor | iPSCs; Down Syndrome |
| Brent Mausbach, PhD | Professor | Caregiver Stress in Alzheimer's Disease |
| Jerome Mertens, PhD | Associate Professor; Adjunct, Salk | Stem Cell Biology in Aging and AD |
| Karen Messer, PhD | Professor | Biostatistics; Causal Inferences; Clinical Trials |
| Alison Moore, MD, MPH | Prof, MPI, UCSD/SDSU AD-RCMAR | Geriatric Primary Care; Disparities |
| Claire Murphy, PhD | Professor | Olfactory and Gustatory Deficits in AD |
| William Mobley, MD | Professor | Down Syndrome and Alzheimer's Disease |
| Anthony Molina, PhD | Associate Professor | Blood Based Bioenergetic Profiling of AD Risk |
| Judy Pa, PhD | Professor | Lifestyle Interventions; Clinical Trials |
| Barton Palmer, PhD | Professor | Loneliness in Aging and Disorders of Aging |
| Gentry Patrick, PhD | Professor | Mechanisms of Synaptic Activity in the CNS |
| Kevin Patrick, MD, MS | Professor | Technologies to Measure and Improve Health |
| Guerry Peavy, PhD | Project Scientist; ORE Core Lead | Stress and Development of Alzheimer's Disease |
| Emilie Reas, PhD | Assistant Prof; <i>Former REC Scholar</i> | Neuroimaging of Alzheimer's Disease |
| Subhojit Roy, MD, PhD | Professor | Gene- and CRISPR-Based Therapeutics |
| Terrence Sejnowski, PhD | Francis Crick Professor, Salk Institute | Synaptic Activity and Plasticity; Brain Dynamics |
| Aladdin Shadyab, PhD | Assistant Professor | Plasma Proteomic Signatures of AD/ADRD |

| | | |
|----------------------------------|---|---|
| Christina Sigurdson, PhD, DVM | Professor | Protein Aggregation; Prion Diseases |
| Erin Sundermann, PhD | Assistant Prof; <i>Former REC Scholar</i> | Sex-Specific Biomarkers and Risks for AD |
| Mark Tuszyunski, MD, PhD | Professor | Gene Therapies for AD and Spinal Cord Repair |
| Bradley Voytek, PhD | Professor; <i>Former REC Scholar</i> | Brain Communication Changes in Aging and AD |
| Ronghui (Lily) Xu, PhD | Professor | Biostatistics; Machine Learning; Data Science |
| Zvinka Zlatar, PhD | Associate Adjunct Professor | Clinical Studies/Trials in Older Latinx Adults |
| Jingjing Zou, PhD | Assistant Professor | Biostatistics in Neuroimaging and Clinical Trials |
