JOIN US

DISCOVER MORE ABOUT YOUR BRAIN HEALTH

Join us in our research study to better understand Alzheimer’s disease and related memory issues, prevention methods, and contribute to early detection and improved diagnosis. We look forward to your participation!

BENEFITS OF PARTICIPATING

• Help your family and others who may be at risk of developing Alzheimer’s or related dementia in the future.
• Learn more about dementia and your health, including symptoms and risk factors.
• Access to aging resources, educational programs, quality of life programs, and support groups.
• Studies may provide include MRI scans, PET scans, and novel interventions.

PARTICIPATION MADE EASY!

We provide compensation!
Participants receive compensation for annual in-person visits with additional compensation for optional procedures.

FREE Door to door transportation!
We offer pick up and drop off services directly to your home.

Located in Chula Vista & La Jolla
Specialized procedures may require a trip to La Jolla. We can provide transportation.

Subject matching
Many procedures are optional, and we will match you with studies that reflect your preferences. Many studies are observational.

Bilingual/bicultural team
Study visits in Spanish or English. Social work facilitated support groups and quality of life activities offered at no cost.

Participate Remotely
Many components can be completed remotely, minimizing in-person visit requirements.
