Translational Research Institute (ACTRI)
Room: 1W-210 Auditorium**

Reception to follow:

10:00-11:30 am ACTRI West Terrace*

**Courtyard South of the auditorium, outside the west door*

Claudia Kawas, M.D., Professor of Neurology and Neurobiology & Behavior, at UC Irvine. Kawas is a geriatric neurologist and researcher in the areas of aging and dementia. Her work is concentrated on the epidemiology of aging and Alzheimer's disease, the determinants of successful aging and clinical-pathological investigations, clinical trials, and most recently, a longitudinal study in cognitive and functional abilities of the Oldest-Old. At UCI, she is MPI of The 90+ Study and Associate Director of the Institute for Memory Impairments and Neurological Disorders.

The Shiley Endowed Lecture in Alzheimer's disease and related dementias research (ADRD) is made possible through a generous donation from the Shiley Foundation. Prominent scholars, renowned for groundbreaking work in the field are selected by faculty leadership and invited to travel to San Diego to present their work and network with scholars, trainees, and community members at a hosted reception.
