# LEARN MORE ABOUT LEWY BODY DEMENTIA

Saturday May 30, 2026 • A Free Community Education and Support Event

No one should face Lewy Body Dementia (LBD) alone. This event will introduce the community to leading neurologists and experts who will present symptoms, diagnosis, and care strategies, explore research and participation opportunities, and connect the audience with local resources and support networks

**10:00 AM** Doors open/registration and exhibition tables

**10:20 AM** Welcome and introduction of partners and speakers (Dr. Irene Litvan)

**10:25 AM** LBD clinical presentation, diagnosis, care implications (Dr. David Coughlin)

**10:40 AM** Research progress/status, new opportunities, implications of participation (Dr. Douglas Galasko)

**10:55 AM** LBD Panel moderated by Dr. Irene Litvan, Neurologist UCSD

- David Coughlin, MD, Neurologist UCSD
- Doug Galasko, MD, Neurologist UCSD
- Martha Rañón, Executive Vice President Southern Caregiver Resource Center
- Genell Greenberg, SMADRC LBD Caregiver Support Group Leader

**11:40 AM** Closing remarks and appreciation

**11:45 AM** Resource tables and networking

**12:00 PM** Adjourn
